U.S. Chinese Scholar Association  
3390 Harbor Blvd.  
Costa Mesa, CA 92626

Dear Friends,

It is with great pleasure that I congratulate the U.S. Chinese Scholar Association as this respected organization holds its Annual Convention.

For nearly two decades, the U.S. Chinese Scholar Association has dedicated itself to the advancement of science and technology, in addition to its mission of promoting intellectual exchange, collaboration and amity among Chinese scholars in the East and West. To meet these goals, the U.S. Chinese Scholar Association provides seminars, workshops, and career opportunities to the community as well as offering prestigious scholarships to outstanding students.

Today, I am pleased to recognize the U.S. Chinese Scholar Association's work in helping to create greater cultural and academic bonds between the United States and China. The U.S. Chinese Scholar Association's valuable role in bridging our two cultures by enhancing friendship and mutual understanding, particularly in higher education, is highly commendable.

On behalf of the United States House of Representatives and the people of the 27<sup>th</sup> Congressional District, I extend my gratitude for the U.S. Chinese Scholar Association's many years of service to the community and best wishes for its continued success.

Sincerely,

**JUDY CHU, Ph.D.**  
Member of Congress, 27<sup>th</sup> District

USA Chinese Scholars Association  
3390 Harbor Blvd.  
Costa Mesa, CA 92626

Dear Friends,

I would like to congratulate the USA Chinese Scholars Association for their 2017 Annual Convention at the Hilton San Gabriel.

The USA Chinese Scholars Association (USACSA) has made tremendous efforts in creating a community of scholars to share the profound interests in the advancement of science, technology and higher education in communities throughout Southern California, China, and the international world. USACSA was founded in 1998 as a non-profit that has dedicated itself as a community benefit organization striving towards generating new knowledge as well as building greater understanding of Chinese scholars from around the world through social gatherings and events.

I would like to recognize the association's mission towards intellectual exchange, collaboration, and amity among Chinese scholars in California and the United States.

On behalf of the California State Assembly's 49th District, I commend the USA Chinese Scholars Association for its passion for science, technology, and higher education and offer my best wishes for your continued success.

Warm Regards,

Ed Chau  
Assemblymember, District 49

The US Chinese Scholars Association is a non-profit, non-political, and community benefit organization. Its mission is to promote intellectual exchange, collaboration and amity among Chinese scholars in the United States and the world. The Association is dedicated to the development of science, technology and higher education and the enhancement of friendship and mutual understanding between Eastern and Western cultures.

# Convention Keynote Speakers

**Dr. Min Zhou, Professor of University of California,  
Los Angeles**

**Dr. Min ZHOU** is currently Professor of Sociology and Asian American Studies, Walter & Shirley Wang Endowed Chair in US-China Relations & Communications, and Director of Asia Pacific Center at UCLA. She is holding visiting professorships at a number of universities in China, including Zhejiang University, Sun Yat-sen University, and Huazhong University of Science and Technology. She was Tan Lark Sye Chair Professor of Sociology and Director of the Chinese Heritage Centre, Nanyang Technological University, Singapore (2013-16), and was the prestigious Changjiang Scholar Chair Professor of Sociology at Sun Yat-sen University, China (2009-2012). Dr. Zhou's main areas of research include: international migration, immigrant transnationalism, ethnic entrepreneurship, the new second generation, ethnic/racial relations, Asia and Asian America, and Chinese diasporas. She has published widely in these areas, including 17 books and more than 180 journal articles and book chapters.

**Dr. Qi-Long Ying, Associate Professor of University of  
Southern California**

**Dr. Qi-Long Ying** is an Associate Professor of Stem Cell Biology at the Eli and Edythe Broad Center for Regenerative Medicine and Stem Cell Research. He obtained his bachelor's degree in medicine from Southern Medical University, China in 1987. Qi-Long earned his MSc and Ph.D. degrees from the Department of Neurosurgery, Huashan Hospital, Shanghai Medical University. From 1995-1998. He did his first postdoctoral study in Prof. Houyan Song's laboratory in the Department of Molecular Genetics, Shanghai Medical University, and he then joined Austin Smith's group at the University of Edinburgh. During his years with Austin. In 2006, Qi-Long moved to USC to set up his own laboratory. His current research focuses on understanding the molecular basis of embryonic and tissue-specific stem cell self-renewal. Qi-Long was honored with the McEwen Award for Innovation at the 2016 International Society for Stem Cell Research annual meeting in San Francisco, USA.
