U.S.A. Chinese Scholar Association

Dear Friends,

It is with great pleasure that I congratulate the U.S.A. Chinese Scholar Association as this respected organization holds its Annual Convention.

For more than two decades, the U.S.A. Chinese Scholar Association has dedicated itself to the advancement of social sciences, humanities, natural sciences, engineering, and technology. In addition, it continues to uphold its mission of promoting intellectual exchange, collaboration and amity among Chinese scholars in the East and West. To meet these goals, the Association provides seminars, workshops, and career opportunities to the community as well as offering prestigious scholarships to outstanding students.

Today, I am pleased to celebrate the 21th Anniversary of the U.S.A. Chinese Scholarship Association at the University of the West in Rosemead and recognize the association's work in creating greater cultural and academic bonds between the United States and China. The Association's valuable role in bridging our two cultures by enhancing friendship and mutual understanding, particularly in higher education, is highly commendable.

On behalf of the United States House of Representatives and the people of the 27th Congressional District, I extend my gratitude for the U.S.A. Chinese Scholar Association's many years of service to the community and best wishes for its continued success.

Sincerely,

JUDY CHU, Ph.D.
Member of Congress, 27th District

USA Chinese Scholars Association
3390 Harbor Blvd.
Costa Mesa, CA 92626

Dear Friends,

I would like to congratulate the USA Chinese Scholars Association on its 2019 Convention at the University of the West in the City of Rosemead.

The USA Chinese Scholars Association (USACSA) has made tremendous efforts in creating a community of scholars to share the profound interests in the advancement of science, technology and higher education in communities throughout Southern California, China, and the international world. USACSA was founded in 1998 as a non-profit that has dedicated itself as a community benefit organization striving towards generating new knowledge as well as building greater understanding of Chinese scholars from around the world through social gatherings and events.

I would like to recognize the association's mission towards intellectual exchange, collaboration, and amity among Chinese scholars in California and the United States.

On behalf of the California State Assembly's 49th District, I commend the USA Chinese Scholars Association for its passion for science, technology, and higher education and offer my best wishes for your continued success.

Warm Regards,
